Why is the U.S. among the last of the industrialized nations to abolish the peskiest little bits of coinage? At the G-8 summit next week, the Brits and the French -- even the French! -- who dumped their low-denomination coins 30 years ago, will be laughing at our senseless jingling.

### Note:

You do not need to highlight your data or image source (including appeals).

Provide a 2-3 sentence justification underneath your visual that explains why you believe that source is a challenge, support, or qualify source.

Sample explanation for penny visual:

"We believe this image is a support source because of the patriotic images printed on the pennies.

Images of President Lincoln, an admirable president, and the linking chain (representative of unity) all elicit positive connections in the viewer.

Because these connections will make the viewer feel a sense of national pride, we believe it is an excellent source to showcase why the penny should be kept in circulation."
